Senator Wright's Speech.—The reply of Senator Wright to Powell of Kentucky brought down the galleries. His appeal to the example of Hannibal taking the oath of undying and unrelenting hate to Rome was stirring beyond description, says a correspondent. The very heart of the matter was reached by the patriotic orator when he declared that he, too, had children, and should take from them an oath never to relent until secession is crushed.

Sorghum Paper.—The Chicago *Tribune* is printed on paper which is one-fourth sorghum. Two sorghum paper mills are already running in Illinois.

SATURDAY MORNING, FEB 28 1863

General B F Butler on Slavery

We presume that no northern democrat was ever more devoted to the "peculiar institution" than Gen Butler In the Old Bay State, on all occasions,—in the great conventions of the Democracy at Cincinnati Charleston and Baltimore—everywhere, and always, his voice was highest and his shout loudest in behalf of the constitutional rights of our Southern brethren as claimed by themselves and all over the land he has been acknowledged as one of the ablest leaders of Pro-Slavery Democracy The opening of the war found him in this position—its progress has given him an experience, and opened his eyes so that he now does not hesitate to express the opinions contained in the following extract from a recent speech at Lowell Mass, which we especially commend to all our democratic friends who are afraid that the war and the Administration may do harm to slavery

I have heard it said, my friends that I have changed in some of my ideas and thoughts on political questions, since I left you. I have changed in some of my ideas I grant you, because I have learned something (great applause,) but that I have changed in a single principle, I deny I stand before you the same Democrat, who for so many years battled for the rights of the people of the North, and now battle for the same rights in the South. I have found that this rebellion is a rebellion against the working classes, without distinction of color, and I have stood upon that question where I have ever stood, and where I shall ask you to stand—as I know you will. The rebellion was begun and is carried on for the purpose of creating a landed aristocracy, which shall give to 400,000 the government of 8,000,000 of whites and 4,000,000 of blacks It is for this that Jeff Davis and his confederates have undertaken a rebellion which they claim is to secure the rights of the people Do you think if it was a rebellion of the people, it would be necessary to resort to conscription to raise their armies? Did our fathers have to conscript men? Did not our fathers willingly go forth? At this time I may say that more than one-half of the army of the South is composed of men driven into it at the point of the bayonet Did anything of this kind ever succeed before, and will it succeed now? No! unless the laws of nature are entirely reversed

Now let us look directly at your interests and your duties, for I am speaking now, having just come from the cotton regions where interests and duties for once go hand in hand Would you wish to be at the command of these masters at the South, who would make you do as they said by cutting off the supply of cotton? It is for your freedom from those masters that we are fighting to day, that the people of the South may not claim to be our masters, but our brothers, that we may place ourselves where they will feel us to be as we know we are, their equals, not their inferiors It is to correct this idea that the Northern man, with red blood, blue eyes, light hair, and all that God gives to this image of himself is not equal to the slave drivers, with their thin lips and pallid brows—it is to correct this idea, I say, that we are engaged in this momentous struggle. That is the question before us, and he who does not side with us on that question says that he desires to kiss the feet of those masters. I went to Louisiana desiring to do everything to restore it as it was to see if by any possibility I might bring the principles, the laws and the institutions which govern that State into harmony with the Union, but I found there no disposition to have that done I found that the aristocracy looked upon us as their enemies and I found that the working and middling classes looked upon us as friends Within the first month, 14,000 of those who compose the bone and sinew of New Orleans had taken the oath of allegiance, not by lip service only, but from their hearts, and from that day I found that no man owning slaves would take the oath of allegiance, except for the purpose of saving his property That was the rule, but there were some exceptions I found the working men true to the Union, and I found the slave owners false to the Union I dealt kindly with the working men, and I dealt harshly with the slave-holders (Loud applause)

* * * * * * *

I desire a single word on the question of emancipation On that question you know I have held certain opinions Those opinions have received, in some degree, correction I have views to offer which I think will commend themselves to the judgment of every one of you Is there a man here who doubts that some time or other, in the providence of God, the negro is to be free—and that some day the protection of the laws will be extended over him, and that he will become free? No man doubts that, and all desire to guard against the evils that may arise from that change and which cannot be made without disorganizing our political system It is my opinion that all this has been sent upon the nation for the great object and it is my opinion that it will be easier at this time to settle this question than to leave it to be settled hereafter Is it not evident to every mind that the day and hour have come when all men's fear as this country is concerned—and it is the last refuge of slavery on the globe—shall be in political rights free and equal as they were declared by the Declaration of Independence? Let no man be concerned about the question of social equality They will be just as far equal as God has made them equal and no more and no less Take care lest we be found fighting against God If he has not made them our equals they will not be our equals But he has made them free—God willed them free God will have them free And let his will be done!

THE WEATHER —The weather for this time of year, is delightful—clear, sunshiny days and pleasant nights The snow has disappeared from the tops of the highest hills and already the earth is closed with a vesture of green —*Mountaineer*

[SPECIAL DISPATCHES TO THE OREGONIAN]

LATER FROM THE EAST.

News of February 12th

WASHINGTON, Feb 10 —A foraging party of a Michigan regiment camped at Nolansville had a severe skirmish with two companies of Forrest's command yesterday, in which we were successful

Immediate supplies are being forwarded to the army by railroad which is heavily guarded the whole distance to Murfreesboro

NEW YORK Feb 11 —We have nothing of importance regarding the reported military movements of the Army of the Potomac later than contained in yesterday's dispatch

The *Herald's* Port Royal correspondent says a difficulty occurred as to the right to command the troops in Foster's division, at Port Royal Foster insisted that within the jurisdiction of Hunter's department the supreme command of his men was still vested in himself they being the 18th army corps Hunter has assumed the command of the troops regarding them as reinforcements to the 10th army corps of which he is chief, and has requested the division commanders to report to him

The *World's* Washington special dispatch says that Fremont goes to Texas with a command independent of the Department of the Gulf

Richmond papers of the 17th contain the following —Charleston Feb 14 —A French steamer passed yesterday from Baltimore The frigate *Ironsides* maintained her position permanently with the blockade during the squadron of this port

A Yankee packet captured yesterday evening thinks there will be an immediate attack on Charleston

WASHINGTON, Feb 17 —The President sent a Message to the House yesterday with a statement by the officers of the Department of the Interior regarding the causes of the late break of the Indian troubles in the North West They give no adequate cause for the outrages The evidence of the premeditated designs on the Indians is not satisfactory

The officers accompanying the various vessels of the blockading squadron deem it their duty to say that the reports published in the Charleston papers in regard to the late rebel raid are entirely false After the attack was ended the blockade went on as before No vessels have run in or out of the port since that day, that they know of nor were any attempts made to run the blockade

CAIRO, Feb 1" —On Wednesday a scouting party met a body of rebels five miles back of Lake Providence An engagement ensued in which many were killed, and 31 captured among whom was a General and a Colonel Wagons and horses were also captured

LOUISVILLE Feb 17 —Gen Davidson has received a letter from a scouting party to Batesville, saying that Hindman's army was entirely demoralized and totally inefficient A majority of the people of Batesville are in favor of the permanent occupation by the Federal army The letter adds that Hindman had been ordered to evacuate but his men refused to go Three hundred of his troops were frozen to death in the route from Van Buren and a number of deserters escaped in the canebrakes in the vicinity of Vicksburg Marmaduke has stripped the country of horses and mules

NEW YORK, Feb 18th—A special dispatch from Washington says Secretary Chase has just written a letter to the Sub Treasurer of California, declaring that the direct tax of that State can be paid in legal tenders

MEMPHIS, Feb 17th.—The new gunboat *Indianola* followed the example of the *Queen of the West*, and ran the blockade of Vicksburg It is said there are 1,000 000 bales of cotton below Helena, waiting Gen Grant's order to be shipped

NEW YORK, Feb 18th —The *Times* special dispatch says Gen Lamar, from Charleston, states that large numbers of troops were recently collected there to defend the city The citizens, generally left in anticipation of an attack from Federals He thinks the city cannot be captured without a severe struggle A mutiny recently took place between some North Carolina regiments Three regiments were in it The ringleaders were shot by order of Gen Beauregard

Advices from New Orleans say that on January 28th the gunboat *Owasco* was dispatched to Galveston with orders to run into the harbor and examine carefully, without drawing out any batteries that might have been erected or in progress of erection She has returned and reports that the *Harriet Lane* is still there, and is certain that she is disabled as they saw her being towed by a small steamer

CAIRO, Feb 18th —A military commission is now in session at St Louis, investigating the administration of affairs at Island No 10 and New Madrid All telegraphic reports from there in regard to the matter have been suppressed by the military authorities

VICKSBURG, Feb 11 —There are many indications to day of an immediate movement, which seems independent of the army Perhaps Hayne's Bluff batteries are to be attacked There seems to be no reason why such a movement should not be inaugurated

The army is quiet considerable sickness seems to exist Small pox being the principal disease

SAN FRANCISCO Feb 19 —The Mechanics Institute held a full meeting last night and voted to disband

Private dispatches from New York, quote gold at 61

SACRAMENTO Feb 19 —In the Assembly the Latham resolutions came up on record creation Swift presented a dispatch from Latham as follows Publish that friends and enemies may rest easy, that I am not and never was an applicant, and never wanted a Judgeship

GREENBACKS IS HONESTY AND JUSTICE —Time like the present offers excellent opportunities to learn who are really honest men and who under the suspicious mask of honesty are nothing but wolves in sheeps' cloth ing How few have we witnessed cases where after a hypocritical pretense of fulfilling the requirements of justice and obeying the law debts have been discharged in paper greenbacks of the face dollar there by swindling the creditor out of thirty to forty per cent of his honest dues And the victim can't help himself because such is the law that they shall be a legal tender Hard working laborers and sailors have been served so of late and have had to pocket the affront Under the circumstances of the case public opinion is necessarily forced to regulate the matter and it will do it Whenever any man is known to skirk from any honest debt by swindling himself of the present medium of things to pay in greenbacks without the market discount he will be marked Such men shall not be suffered to take their position among the honest fair dealing portion of our citizens with impunity and we think that in the long run they will find that honesty is the best policy —*Bulletin*

THE NEW SHERIFF —At a meeting of the Board of County Commissioners held yesterday afternoon Nathan Olney was appointed Sheriff to fill the vacancy occasioned by the resignation of Sheriff White The selection is one that will be acceptable to our people —*Mountaineer*

UNITED STATES SENATE —The recent elections to the United States Senate to fill vacancies occurring on the 4th of March next foot up as follows

Maine		Morrill
Massachusetts		Sumner
Rhode Island		Sprague
Vermont		Foot
New York		Morgan
Pennsylvania		Buckalew
Delaware		Bayard
Michigan		Chandler
Illinois		Trumbull
Indiana		Henricks
Wisconsin		Doolittle
Minnesota		Ramsey
California		Conness

The result in Ohio will not be known but presume that Wade who has been nominated will be elected Of the foregoing Willey Bucknlew Bayard Hendricks and Richardson are understood to be sympathizers with treason and rebels with such current acts as such the returns for will test the administration and will cordially support it in every effort to put down the rebellion

The *Westminster* complains of the hall of houses of a certain character in the most frequented thoroughfares of London and concludes with the following instructive remarks which may profitably apply to some big town property holders of this city

The owners of the houses should be made to feel that they are not altogether irresponsible There is a law against keeping houses for immoral purposes and the penalty of the statute should be visited upon the heads of these wholesale dealers in the wages of infamy

AN OLD NOTE —During a financial debate in Congress a short time since, Sheffield of Rhode Island, while denouncing the unlimited expansion of currency stated that he held in his hand a promissory note of the State of Massachusetts Bay issued in 1780 which had never been redeemed Upon this note Sheffield said The note is signed by the gentleman's own grandfather and by him the of his kinsman 'probably although Richard Cranch and Thomas Dawes 'I would redeem it sir,' exclaimed Billy in the honesty of his heart Ah responded Sheffield it would take more money to redeem it than the gentleman has got for it carries interest, payable semi annually in coin and I am afraid when he came to count up he would find the amount too large for him' It was payable in Spanish milled dollars

INSTRUCTIONS CONCERNING PRIZES —On the 1st of January, Acting Rear Admiral Theodorus Bailey, of the Eastern Gulf Blockading Squadron, instructed the officers commanding ships of that squadron to capture all vessels and cargoes owned by the rebels all merchant vessels that had attempted to violate the blockade and all that might attempt to do so all vessels employed in carrying the enemy articles contraband of war and all American vessels trading with the enemy on the enemy's coast without license Officers are to stop, visit, and carefully search any vessel which they may suspect Prize crews are to be put aboard prizes which are to be sent to Key West Prisoners are to be treated kindly and the use of irons is forbidden, except in emergencies

DON'T NEED 'EM —Yesterday's *Commercial* speaking of United States Excise Stamps, says

It is really a wonder they don't issue a stamp to be worn conspicuously on the person of every individual making non compliance with such an edict a treasonable offense

No 'wonder' about it neighbor There is no necessity for such an "edict" 'Tis the *traitors* who are *stamped* already, sufficiently legible to consign them to the contempt and detestation of all loyal and law abiding citizens

FOR BOISE —Several parties started out yesterday for Boise, and we hear of any number of persons who intend trying their luck in that locality Even the ladies are taking the Boise fever and from present indications we are likely to have a perfect legion of old and young male and female for the new El Dorado —*Mountaineer*

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

Legal Tender Notes this Day—65 cents.

CIRCUIT COURT.—The Judge announced yesterday that the juries would be discharged this evening, and during the remainder of the term the business will be that which depends on the Court only. Judge Shattuck has proved himself to be the right man in the right place, and by his courtesy, his promptness and his industry, has won the admiration of all who had occasion to transact business, or to sit as jurors at the present term.

MILWAUKIE MACADAMIZED ROAD.—We were mistaken yesterday in stating the amount of the verdict recovered by Mr. Trewilliger against the Road Company, as it was only $1,200, and may be paid in such currency as the Directors see fit. Under the ruling of the Court, by which the benefit of the proposed improvement was not considered or allowed to be proved, the amount is not larger than was likely to be given. In the case of the same Company against Thos. Stephens the verdict gives him $1,125 damages.

VETOED.—We learn that the acting Mayor has vetoed the ordinance passed by the City Council, imposing licenses on the various branches of trade and commerce in this city. It is well that this bantling falls stillborn on the hands of its "fathers." There let it rest. The business men of our city have reason to thank the Mayor for assuming the responsibility of killing a law(?) imposing an exhorbitant with a provision that the same be paid in gold and silver coin *only*.

PERSONAL.—We had the pleasure of meeting with Hon. Wm. Greenwood, of Howell Prairie, Marion County, who is on a visit to this city. Mr. Greenwood is one of the most extensive and energetic farmers of Oregon, setting an example in the cultivation of refined taste and the advancement of useful and ornamental improvements in the most noble arts of man, which should be followed by every farmer who hopes to gain the wealth and popularity Mr. G. so justly merits.

ACQUITTED.—In the case of the State *vs.* Stiles, indictment for keeping a gaming house, a verdict of acquittal was rendered yesterday. This, we believe, is the last of several indictments of the same character tried at this term of Court. Either a *lame* law, or lame prosecutions are the cause, for justice has certainly been *cushed* in every instance.

We notice an allusion by one of our cotemporaries to a decision made by one of our Judges in reference to greenbacks. He says it is a mistake, that he never refused to take them for costs, and that the decision which he did render, was particularly not to sell printing paper in less quantities than a ream, and for nothing but gold or its equivalent generally, and that there is no appeal from *that* decision.

ESTRAYED SESSION.—A session of the Court was held last evening, having before it the case of Crowley *vs.* Crowley—application for divorce. Up to the hour of going to press we have not learned whether "The silver cord which binds two willing hearts," had been sundered.

TROTTERS.—A pair of fine trotters, under the saddle, were made to "go" up and down the plankroad portion of Front street yesterday, for the gratification of lovers of that horses. So we should judge from the crowd of lookers on.

SKOOKUM.—A city cotemporary informs its readers that to-day Rachardson will sell 15 octaves of brandy." Our devil thinks this will be a very *high* toned article.

LECTURE.—Yesterday evening a large audience attended the highly instructive lecture delivered by Prof. E. A. Tanner before the students of the Portland Academy.

There is one place in San Francisco where a man can get a decent outfit—we mean as to quality as appearance. Heuston, Hastings & Co.'s Clothing Store is not only the largest and most beautiful in San Francisco, but the stock consists of nothing but articles of prime quality and manufacture. If you wish to avoid the risk of disappointment and obtain the worth of your money, you will trade with them.

To the Ladies.—Dr. HALL'S BALSAM is specially adapted to the delicate constitutions of females and as it contains no Opium it will cause no nervous derangement—while the tonic properties of the Balsam are invaluable in imparting strength to the system.

REDINGTON & CO.,
General Agents for the Pacific Coast,
416 and 418 Front street, San Francisco.

Storage.—THE FIRE-PROOF STONE WAREHOUSE, opposite Umatilla House, is the only building, not made of wood at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in *exposed* parts of the town liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

Dalles, Jan 20, 1863 3m RASEY BIVEN

Coughs.—The sudden changes of our climate are sources of PULMONARY BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies of this act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "*Brown's Bronchial Troches*" or lozenges, for the Cold, Cough, or Irritation of the Throat, before even so slight as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. dec16dawly3m

White's Fever and Ague Drops—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed in no instance has it failed to effect a speedy cure in Ague especially one bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers to rely upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

Prepared only by ROBERT WHITE, Chemist and Druggist, Main street, Placerville, and Broadway, Upper Placerville. For sale by all respectable Druggists throughout the State.

DOCTOR VAN ZANDT,

CONSULTING PHYSICIAN AND SURGEON

Office Corner of Washington and Sansome streets, San Francisco.

Is confined exclusively to the Treatment of Diseases of the Blood and Private Organs.

The Most Eminent Physicians of the Age Have Failed to Find a Remedy for the Cure of Syphilis.

Dr. Van Zandt Has Made It a Study for Years, and Has Discovered a Remedy Which Will Cure Every Case.

Too Much Cannot be Said

in praise of this wonderful remedy. Those who have been cured by it are loud in its praise, and recommend it to all their friends. Many who have been given up by their physicians, and who had resorted to Mercury, Sarsaparilla, Iodide of Potash, and other poisonous drugs, have been restored to perfect health by the use of this remedy.

Awaken the Magnetic Life within us

and you have a remedy for all diseases. By this wonderful discovery of Dr. Van Zandt's, the Electrical Fluid is made to pervade every part of the system, and in a few days the patient is conscious of a change for the better. Under the influence of this remedy, the sluggish blood is aroused into healthful action, the liver, kidneys and other organs are stimulated into healthful activity, and the whole system is built up and invigorated.

No Compromise with Disease

is the motto of Dr. Van Zandt. He will not make a permanent cure and then leave the patient to suffer a relapse, but he will remain with him until he is entirely cured, and all symptoms of disease have disappeared.

To the Ladies of California.

Dr. Van Zandt has had great success in the treatment of Female Diseases, and he would call the attention of the ladies to the fact that he has discovered a remedy which will relieve them of all pain in the Womb, Ovaries, Bladder, Kidneys, &c., in a few days. No female should suffer pain when relief can be had so easily. Those who have been under the treatment of other physicians, and have been pronounced incurable, should not despair, but call on Dr. Van Zandt, and be restored to health and happiness.

Baffled the Skill of Physicians

Dr. Van Zandt has had many cases of Nervous Debility, Seminal Weakness, Impotency, Sterility, Involuntary Emissions, Lack of Energy, Despondency, Timidity, Trembling of the Limbs, Dizziness, Weak Back, Kidneys, Dimness of Sight, Aversion to Society, Self-Distrust, Love of Solitude

Shocking Accident —A terrible and heart rending catastrophe occurred in Havana on the 5th ult, at the Plaza Torres—Bull Ring Mr Farini the celebrated tight rope walker and rival of Blondin, advertised among the many wonders that he would perform of the tight rope the carrying of his wife across the rope stretched from one side of the ring to the other at a height of about sixty feet up in his back—a feat he had performed in other places He started with the lady upon his back and had nearly finished his journey across, within about four feet, when the audience applauded the daring act it seemingly being completed, and the frightful yell of applause loosened her hold upon her husband's neck and waved her hands and on the instant of doing so she discovered that she had lost her balance and called to her husband to catch her as she was falling This he attempted to do and caught her by the skirt of her dress but the frail fabric was not of sufficient strength to sustain her with the impetus given to her descent by the fall and the dress gave way leaving a piece in the unfortunate man's hand as he hung suspended from the rope sustaining himself by the joint of his knee by means of which he had sustained himself and she went down crashing upon the seats that ascend from the curb of the ring to the top of the enclosure She was taken up for dead but showed after some little time signs of returning life and lingered from Sunday until Thursday morning and then death put an end to her sufferings She was taken in hand by the ladies of the neighborhood, and everything that could be done was done The wealthiest ladies of Havana were at her bed side and soothed her dying pillow She was embalmed and placed in one of the niches of the burying ground It is said that from $10 000 to $20 000 will be raised by subscription for the child she has left behind

A Frenchman on America —Hear what M Pelletan says of us in his new work 'La Moderne Babylone' After descanting on the degeneracy of the inhabitants of Paris, and the tyranny under which they live, he suddenly stops, and apostrophizing us, exclaims

"The Americans of the North—the Yankee, the clown, the worshipper of the almighty dollar—behold what he does when the slave holding South, as if to fasten upon the negro the tyranny of climate tears the bond of a Union For a simple metaphysical idea—the Union, for another abstract idea, legality, for a dozen of stars, more or less on a stripe of bunting, the American of the North offers upon the altar of his country his last man and his last dollar. He gives the example, never known before, of a voluntary budget takes the rifle himself ready to die for abstract justice He learns the art of war as the France of the Republic did, under the fire of the enemy, he hesitates at first, he loses the battle at first; but be sure he wins the day at last. Do you know any grander spectacle—any fairer apotheosis of freedom?"

The Jaw bone of an Ass —The army correspondent of the Chicago *Times*, writes

A few days since news came to the Chaplain of the regiment, that a good Union soldier was given up by his surgeon, considered in a dying condition, and desired spiritual consolation The Chaplain, as in duty bound, went to see him, sat down by his cot, and talked of the death and resurrection, and finally opened the Bible at random to read a chapter for the dying man's consolation The book opened at the account of Sampson's slaying so many Philistines with the jaw bone of an Ass At the conclusion the soldier asked what book he read that from The Chaplain replied "My dear friend, it is the word of God" The soldier requested him to read it again, and at its conclusion to see the book and read the chapter himself The Chaplain handed him the Bible when he exclaimed "Oh dear, my eyes are so dim I can't read, but tell me, Chaplain, honestly, isn't Gen John Pope's name signed at the bottom of that Chapter?"

Long Primer Hall —The *Call* says that L. P. Hull, the editor of the Visalia *Expositor*, is in fine feather, and jubilates over his popularity, with some of the ladies of Tulare It seems that nine female admirers of his long winded articles defending treason have made up a forty dollar purse and presented it to the editorial Adonis, who acknowledges their eleemosinary philantropy by assuring his readers that 'their conduct has elicited the admiration of people in other countries, as we see by our exchanges, and give them a character abroad for spirit and intelligence, of which their relatives friends and lovers may well be proud' Long Primer' is now dividing his allegiance between Jeff Davis and Petticoat Government May "Long Primer" live long enough to repent

The Tax Law —Commissioner Boutwell, in his report suggests that economy would limit the operation of the Tax Law to the States, on the ground that the income from collections in the Territories is barely sufficient to pay expenses, and that the exemption would encourage emigrat on and thus increase revenue, The Commissioner suggests the appointment of a solicitor for this bureau to decide legal questions. The employees of the Department, including Assessors, Collectors, Assistant Assessors, Assistant Collectors, and the clerks in Boutwell's office number 3 882 The revenue to the end of the present fiscal year is estimated at over sixty millions exclusive of stamps The revenue from these is estimated at sixteen millions Several important alterations of the Tax Law are suggested

Too Secesh —A Washington correspondent of the Ohio *State Journal* says of the late speech of Vallandigham

A caucus of the Democrats was immediately called to take council in relation to him and his doctrines They were a little too secesh for even their secesh appetites and we understand that Judge Jewett of Ohio made known to Vallandigham that he could no longer affiliate with him in any such course and that even their personal relations could not remain undisturbed by the position he had assumed in his speech

How to be Miserable —Think about yourself, about what you want what you like what respect people ought to pay you what people think of you and then to you nothing will be pure You will spoil everything you touch you will make sin and misery for your self out of everything God sends you you will be as wretched as you choose on earth or in heaven either

An author asks what a rose worn on a young lady's forehead indicates? We suppose she means to indicate by it that if kissed at all it must be sub rosa under the rose, privately.

Heavy Wind —The Nevada *Democrat* says that the wind blew so hard recently at that place that it came very near raising a mortgage that had been hanging over that office for a long time past

The Damage —The damage to Fredericksburg by the shell of the Union batteries is estimated at $750,000

Proclamation by the Governor

Executive Office Portland Oregon January 1 1863

By the President of the United States, through Brigadier General George Wright, commanding the Department of the Pacific and Brigadier General Benjamin Alvord commanding the District of Oregon I have been requested to raise six additional companies required to complete the 1st Regiment of Cavalry Oregon Volunteers They will be needed the coming Spring on the frontiers of this State and Washington Territory and for an expedition against the Snake Indians who have so long been mercilessly engaged in murdering emigrants and murdering our fellow citizens I cannot doubt that the citizens of Oregon who have always promptly responded to any demand for their military services will in like manner respond to this call thereby showing their loyalty to the Government and aiding in chastising marauding bands of Indians which infest our frontiers.

The enlisted men, when mounted will be supplied with horses by the United States it being understood that they will be mounted or not as shall be deemed advisable by the Government

Propositions to raise a whole company, which will furnish their own horses and horse equipments may be entertained The men are in such cases entitled to forty cents a day for the use and risk of their horses and horse equipments

Each company will consist of one hundred enlisted men and when mustered into the service of the United States to serve for three years, unless sooner discharged

Recruiting offices will be immediately opened at Portland and Dalles City and perhaps at other places By the Governor
